Gleason Technology Announces Another New Store With Gleason ESP®

Johnstown, PA

January 12, 2009

Gleason Technology's Gleason ESP® has been installed in the new, state of the art Shoprite in Wilmington, Delaware.

GleasonESP is a web based (www.gleasonesp.com), patented inspection system that produces electronic record keeping to document walk around inspection tours and is proven to reduce both frequency and severity of slip/fall claims. GleasonESP (U.S. patent 6,078,255) has been successfully installed in over 600 retail supermarket and distribution center locations throughout the United States and Canada.

This new Shoprite is owned and operated by the Kenney Family, who also operate three other ShopRite's, which are all members of the Wakefern Food Corporation.

To date, Gleason ESP is installed in all four of the Kenney family-owned ShopRite's. GleasonESP is installed in twenty Shoprites along the East Coast.

GleasonESP was founded with the mission of providing its clients with cutting edge applied technology that will permanently improve safety, employee behaviors, facility cleanliness, and operational consistency in retail supermarkets and distribution centers. Gleason is headquartered in Johnstown, PA and has offices in Pittsburgh, Philadelphia, Harrisburg and Southern CA.
